President's Message

Down to the wire again! I sure hope this makes it into the Circuit.

Well, I'm hip deep in bringing up 30 new boards at work. I'll try to bring one of them to the August meeting, to show you what I do for 3Com. It's been getting in the way of my FARA work, and I try not to let that happen too often. Consequently, the antennas are *still* not back up (though they are almost finished).

The good news is that the IC-251, which had an AC supply failure, is back on line with a new DC power cable. The web site is up to date, and the shack is relatively clean. I have started on the long awaited remote reset for the packet cluster node, and the doors to the shack have some nifty new frames for our nameplate.

September brings our annual picnic (on the 5th). Get your picnic reservations and payments in to Bev, N1LOO. There'll be plenty of food, the usual beach and water sports, and, of course, a radio!

Also coming up in September is the state "Simulated Emergency Test" on the 11th. Volunteers are needed to work at the MEMA bunker for several hours (food provided). Talk to me or Marc, WA1R. I'll be there, and I have been told it's not hard work.

Finally, there's the Flea Market. This is when we make most of our money for the year, so tell all your friends, and pick up some flyers in the shack to hand out.

73,

Peter, KA1AXY

Field Day Wrap-up

by Dave Hoaglin, K1HT

This year was another successful Field Day for FARA. Setup went smoothly (especially with one fewer tower -- the VHF antennas were supported instead by a tower truck, recently retired from a certain local TV station!). The weather, though hot and humid, produced no thunderstorms. Propagation was good on several bands (but not all -- 15 meters was a disappointment). And, as usual, the food was excellent!

Altogether we made 2,946 QSOs (30 fewer than last year), and our claimed score (including 900 points in bonuses) was 9,434 (about 500 points below last year). So, for the first time in several years, we didn't set a new record for FARA; but we made a very respectable showing, in a year when we were taking a more relaxed approach to Field Day. From the scores that have appeared on the 3830 Reflector on the Internet, it looks as if we'll be #5 in class 3A. (The leader, K9RN in Illinois -- with 1,810 QSOs on 20, 1,019 on 40, and 981 on 15 -- must have had propagation very different from ours!) It was nice to see solid improvements in three of our totals. The VHF station,

using only 6 and 2 this year, took advantage of some good openings to rack up 285 QSOs. Novice/Tech (N1LOO), with 142 QSOs on 10 SSB, had its best showing since 1994. And W1FY shared in the fun on 10 to the tune of 250 QSOs.

To all who participated, congratulations on a job well done!

Field Day 1999 on the Web

www.gsl.net/fara/fieldday/fdhome.html

Is where you will find a complete wrap-up of Field Day 1999 and along with Field Day's from the previous three years.

In the Field Day 1999 section you will find the scores along with a very nicely done picture section assembled by Sharon, KC1YR. Pictures taken by Peter, KA1AXY, Sharon, KC1YR and Leo, WA1HAM have all been made into photo albums that are quickly viewed through the web.

There is also a page devoted to "FARA in the News" where you will find newspapers articles from the Boston Globe and the Metrowest Daily News about FARA's Field Day endeavors.

There is also a Real Media file of an interview with Dick, K1KTK on WBZ Radio's "New England Weekend."

Field Day Pictures in this Newsletter were taken by Sharon, KC1YR.
